Youth Driver Accountability Program

100 Henry County youth traffic fatalities in 2007

In 2006, there were 177 teens killed in motor vehicle crashes in Georgia.

In the U.S. during 2005, 4,767 teens ages 16 to 19 died of injuries caused by motor vehicle crashes. Nearly 40% of those motor vehicle accidents in this age group occurred on rural roads.

The rate of motor vehicle crashes is higher among 16- to 19-year-olds than among any other age group.

So don't you think it's time for you to get a license? You can't drive until you're 16. If you have your own car, you should drive it safely.

Getting a Driver's License is Your Teen's Top Priority

As of January 2007, all teens must complete 30 hours of classroom training in a Georgia Department of Driver Services-approved course, plus 40 hours of supervised driving, as verified by a parent's or guardian's sworn statement, in order to be eligible for a Class-D drivers license at the age of 16.

Making Sure Your Teen is Safe on The Road is Ours

Life Management Solutions' Youth Driver Education Program is taught by certified law enforcement officers with a combined 35 years of experience and a passion for helping Henry County youth. Your teens will not only learn the rules of the road – they'll learn to be safe, responsible drivers.

Licensed, Safe Teen Drivers...at a Price You Can Afford

At just \$200, this course costs far less than many of the other options out there. What's more, a Certificate of Completion of Life Management Solutions Youth Driver Education Program may qualify your family for significant auto insurance discounts, as well as a \$150 tax credit – nearly the entire cost of the class. It's truly one of the best investments you can make for your teen.
