Citizen Participation

An important aspect of the CARES Act Program is citizen participation. Each application must include documentation indicating that citizens of the community in which the project/service is located, have been informed of the project. This participation may be accomplished by conducting community meetings or public hearings where citizens are invited to comment on proposed projects. In addition, official notification must be conducted as follows:

For Municipalities and Henry County Departments:

The members of the governing body must be notified at a public council meeting of the intent of the government to submit an application for funding. Adequate advance notice of the date of the meeting must be given to the public (in accordance with State of Georgia Open Meetings Act requirements). The following documentation of the notice and discussion of the meeting must be included in the application:

- a. A copy of the public notice with date of publication;
- b. The agenda for the meeting with project listed;
- c. Minutes of the meeting where the application was discussed;
- d. Newspaper clippings regarding the meeting at which the project was discussed; letters of support received by the jurisdiction (optional); and
- e. A copy of the resolution from the governing body endorsing the submission of the project application; stating the project/service to be funded; the amount of the CARES Act request in the application; and stating the amount to be contributed by the municipality for the project.

For Non-Profit Organizations:

Each application from a non-profit organization must contain a resolution from the organization's Board of Directors endorsing the submission of the application. The resolution must include the following:

- a. A statement from the Board stating the project to be funded;
- b. The amount of the CARES funds requested in the application; and
- c. A statement of the amount to be contributed by the organization.

CARES Application Certification

I certify that the application submitted for Henry County CARES funds is accurate and complete to the best of my knowledge and belief. And if CARES funds are awarded for the activities presented in this application, I will comply with the necessary certifications and assurances required by Henry County and the U.S. Department of Housing and Urban Development.

PROCUREMENT POLICY

The _____, here after known as the Applicant, in keeping with the regulations 24 CFR Part 84 governing the procurement of goods and services with Federal funds, does hereby adopt the following procurement guidelines and procedures to ensure that materials and services are obtained in an effective manner and in compliance with the provisions of applicable Federal statutes and Executive Orders.

This document reflects the written standards required to be adopted by nonprofits to meet Federal compliance in procurement activities. It also includes any additional policies adopted by the Applicant that are applicable to procurement activities and to the Applicant's administration of CARES funds. All Applicant procurement activities are subject to applicable laws of the State of Georgia.

Code of Conduct

No employee, officer, or agent of the Applicant shall participate in the selection, award, or administration of a contract supported by Federal funds if a real or apparent conflict of interest would be involved.

Such a conflict would arise when an employee, officer, or agent, of the Applicant or any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in the firm selected for an award.

The officers, employees, and agents of the Applicant shall neither solicit nor accept gratuities, favors, or anything of monetary value from contractors, or parties to sub agreements.

The Applicant shall enforce this code of conduct in all of its procurement activities and shall pursue appropriate disciplinary and legal action as necessary where violations occur.

Competition

All the Applicant procurement transactions shall be conducted in a manner to provide, to the maximum extent practical, free and open competition. In order to ensure objective contractor performance and eliminate unfair competitive advantage, contractors that develop or draft specifications, requirements, statements of work, and invitations for bids and/or requests for proposals for the Applicant shall be excluded from competing for such procurements.

Awards shall be made by the Applicant to the bidder or offerer whose bid or offer is responsive to the solicitation and is most advantageous to the Applicant, considering solicitation criteria to include but not be limited to price, quality and other factors as determined by the Applicant.

The Applicant shall include Federal Section 3 language in all solicitations where applicable, and all solicitations shall clearly describe all requirements that the bidder or offerer shall meet in order for the bid or offer to be evaluated by the Applicant.

Procurement Procedures

The Applicant shall avoid the purchasing of unnecessary items with Federal funds.

Analysis shall be performed by the Applicant, where appropriate and when considering lease purchase alternatives, to determine which would be the most economical and practical alternative when using Federal funds.

Solicitations for goods and services by the Applicant shall provide for:

1. A clear and accurate description of the technical requirements for the material, product or service to be procured. In competitive procurements, the Applicant will ensure that such descriptions do not contain any features that will unduly restrict competition.
2. A description of the requirements that the bidder or offerer must fulfill and all other factors to be used in evaluating the bids or proposals submitted.
3. The specific features of "brand name or equal" descriptions that bidders are required to meet when such items are

included in the solicitation.

4. The acceptance, to the extent practical and economically feasible, of products and services dimensioned in the metric system of measurement.
5. Preference, to the practical extent and economically feasible, for products and services that conserve natural resources and protect the environment and are energy efficient.
6. No competition when the total amount of the requisition is less than \$10,000 (the county's "small purchase threshold").
7. Competition and advertisement when the total amount of the requisition is \$10,000 or greater. The solicitation will be advertised according to applicable law and mailed to all vendors on a list of qualified bidders compiled by the Applicant. Specifications will be created to ensure that competition is generated. Sealed bid responses will be recorded according to the date established for bids to be submitted. Responses will be tabulated and a vendor will be selected based upon the response to the specification criteria. If a contract is determined to be necessary, it shall be ratified by the Applicant's Board of Directors. A draft contract shall be included in the request for proposals or bid package specifying the terms, conditions and other provisions that shall apply to the work. The contract shall be reviewed as to form and content by legal counsel for the Applicant. Sealed bids will be opened, read aloud and recorded on the advertised bid opening date. The successful bidder shall be notified by the Applicant in writing of the selection of its bid for the commodity or service solicited.

The Applicant shall also undertake positive efforts in all of its procurement actions to utilize small businesses, minority-owned firms, and women's business enterprises, whenever possible to include the following steps:

1. Ensuring that in all of the Applicant's procurements, small businesses, minority-owned firms, and women's business enterprises are used to the fullest practicable extent.
2. Providing information on forthcoming procurement opportunities available from the Applicant that uses time frames for purchases and contracts that will encourage and facilitate participation by small businesses, minority-owned firms, and women's business enterprises.
3. Considering whether in the Applicant's contracting process, firms competing for larger contracts intend to subcontract with small businesses, minority-owned firms, and women's business enterprises.
4. Encouraging contracting with consortiums of small businesses, minority-owned firms, and women's business enterprises when a contract is too large for one of these firms to handle individually.
5. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Department of Commerce's Minority Business Development Applicant in the solicitation and utilization of small businesses, minority-owned firms, and women's business enterprises.

The Applicant shall use procurement methods and instruments appropriate for the particular procurement (fixed price, reimbursement, purchase orders, etc.) to promote the best interest of the program or project involved using Federal funds. In addition, the Applicant shall not use the "cost-plus-a-percentage-of-cost" or "percentage of construction cost" methods of contracting for its procurement activities.

The Applicant shall enter into contracts only with responsible contractors who possess the potential ability to perform successfully under the terms and conditions of the proposed procurement. In addition, the Applicant shall consider such matters as contractor integrity; compliance with public policy, including, where applicable, Section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. 1701u); record of past performance; financial and technical resources or accessibility to other necessary resources.

The Applicant recognizes that in certain circumstances, contracts with certain parties are restricted as a result of Executive Orders 12549 and 12689. These orders dictate the actions taken against contractors who are debarred from participation in contracts paid with Federal funds. The Applicant will consult the Henry County CARES Program for assistance in evaluating a potential bidder's inclusion on the debarred list as codified at 24 CFR Part 24 and found at the General Services Administration's website <https://www.sam.gov/portal/public/SAM/>.

The Applicant shall at the request of any Federal, State or local government make available any pre-award or procurement documentation, such as requests for proposals or invitations for bids, independent cost estimates, etc., when any of the following apply:

1. The Applicant's procurement procedures or operations fail to comply with the procurement standards in HUD's implementation of Circular A-110.

2. The procurement is expected to exceed the county's small purchase threshold of \$10,000 and is to be awarded without competition or only one bid or offer is received in response to solicitation.
3. The procurement, which is expected to exceed the county's small purchase threshold, specifies a "brand name" product.
4. The proposed award over the county's small purchase threshold is to be awarded to other than the apparent low bidder under sealed bid procurement.
5. A proposed contract modification changes the scope of a contract or increases the contract amount by more than the small purchase threshold.

Cost and Price Analysis

The Applicant will perform a cost or price analysis for each procurement activity undertaken with Federal funds to include:

1. A comparison of price quotations submitted, market prices, and similar indicators, together with discounts.
2. A review and evaluation of each element of cost to determine reasonableness, allocability, and allowability.
3. A comparison of any change order request against an independently prepared estimate for the same work requested to be done as part of the contract. The requested change order must be within 10% of the independently prepared estimate for approval. However, an item-by-item comparison may be made of the request and negotiation for items with wide variations in price may occur to determine if an accurate estimate for that item can be obtained to meet the 10% limit.

Procurement Records

The Applicant will maintain procurement records and files for all purchases made with Federal funds, especially those that exceed the small purchase threshold, to include:

1. The basis for contractor selection.
2. Justification for lack of competition when competitive bids or offers are not obtained.
3. The basis for the award cost or price.

Contract Administration

The Applicant will maintain a system of contract administration to ensure contractor conformance with the terms, conditions, and specifications of the contract and to ensure adequately and timely follow up of all procurement activities and purchases. The Applicant shall evaluate contractor performance and document, as appropriate, whether contractors have met the terms, conditions, and specifications of the contract.

Contract Provisions

The Applicant shall include, in addition to provisions to define a sound and complete agreement, the following provisions in all contracts. The following provisions shall also be applied to subcontracts:

1. Contracts in excess of the small purchase threshold shall contain contractual provisions or conditions that allow for administrative, contractual, or legal remedies in instances in which a contractor violates or breaches the contract terms, and provide for such remedial actions as may be appropriate.
2. All contracts in excess of the small purchase threshold shall contain suitable provisions for termination by the Applicant, including the manner by which termination shall be effected and the basis for settlement. In addition, such contracts shall describe conditions under which the contract may be terminated for default as well as conditions where the contract may be terminated because of circumstances beyond the control of the contractor.
3. Except as otherwise required by Federal statute, an award that requires the contracting (or subcontracting) for construction or facility improvements shall provide for the Applicant to follow its own requirements relating to bid guarantees, performance bonds, and payment bonds unless the construction contract or subcontract exceeds \$100,000. For those contracts or subcontracts exceeding \$100,000, HUD may accept the bonding policy and requirements of the Applicant, provided that HUD has made a determination that the Federal Government's interest is adequately protected. If such a determination has not been made, the minimum requirements shall be as follows:

- a. A bid guarantee from each bidder equivalent to five (5) percent of the bid price. The “bid guarantee” shall consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance of his bid; execute such contractual documents as may be required within the time specified.
- b. A performance bond on the part of the contractor for one-hundred (100) percent of the contract prices, a “performance bond” is one executed in connection with a contract to secure fulfillment of all contractor’s obligations under such contracts.
- c. A payment bond on the part of the contractor for one-hundred (100) percent of the contract price. A “payment bond” is one executed in connection with a contract to assure payment as required by statute of all persons supplying labor and materials in the execution of the work provided for in the contract.
- d. Where bonds are required in the situations described herein, the bonds shall be obtained from companies holding certificates of authority as acceptable sureties pursuant to 31 CFR Part 223, “Surety Companies Doing Business with the United States”.
- e. All negotiated contracts (except those for less than \$100,000) awarded by the Applicant shall contain a provision to the effect that the Applicant, HUD, the Comptroller General of the United States, or any of their duly authorized representatives, shall have access to any books, documents, papers, and records of the contractor which is directly pertinent to a specific program for the purpose of making audits, examinations, excerpts, and transcriptions.
- f. All contracts, including small purchases, awarded by recipients and their contractors shall contain the procurement provisions of Appendix A to 24 CFR Part 84, as applicable. Appendix A covers other federal laws and provisions covering Equal Employment Opportunity, the Copeland Anti-Kickback Act, the Davis-Bacon Act, the Contract Work Hours and Safety Standards Act, the Rights to Inventions Made Under Contract or Agreement, the Clean Air Act, the Byrd Anti-Lobbying Amendment, Debarment and Suspension, and the Drug-Free Workplace Requirements.

I certify the applicant shall comply with the Procurement Policy as stated above as it relates to the Henry County CARES funding.

FAITH BASED ORGANIZATIONS

Per CFR 570.200(j) the following policies apply to Faith Based Organizations:

- Faith-based organizations are eligible for CARES funding on an equal footing with any other organization. There is no Federal requirement that an organization incorporate or operate as a nonprofit to obtain tax-exempt status under section 501(c)(3) in order to receive CARES funds.
- Organizations may not use CARES funds to support inherently religious activities such as worship, religious instruction or proselytization. If an organization does conduct such activities, the activities must be offered separately from activities or services funded by the CARES Program, in time or location. Participation in any such religious activities must be voluntary for the beneficiaries of the CARES assisted activity or service.
- Organizations that receive CARES assistance are prohibited from discriminating against beneficiaries or prospective beneficiaries of the CARES assisted activity or service on the basis of religion or religious belief.
 - Accordingly, organizations offering activities or providing services supported in whole or in part with CARES funds, and in their outreach activities related to such activities or services, are prohibited from discriminating against current or prospective program beneficiaries on the basis of religion, a religious belief, a refusal to hold a religious belief, or a refusal to attend or participate in a religious practice.
- Faith-based organizations retain their independence from Federal, state and local governments, including their exemption from the federal prohibition on employment discrimination on the basis of religion for employees not involved in CARES funded activities (§570.607).
 - Accordingly, a faith-based organization that applies for, or participates in a CARES funded activity or service may retain its independence and may continue to carry out its mission, including the definition, development, practice, and expression of its religious beliefs, provided that it does not use CARES funding to support or engage in any inherently religious activities (including activities that involve overt religious content such as worship, religious instruction, or proselytization), or in any other manner prohibited by law.
 - Among other things, faith-based organizations that receive CARES funding may use their facilities to provide services or offer activities supported by the CARES Program, without removing or altering religious art, icons, scriptures, or other symbols from these facilities.
 - In addition, a faith-based organization that applies for, or participates in a CARES funded activity or service may retain religious terms in its name, select its board members on a religious basis, and include religious references in its organization's mission statements and other chartering or governing documents.
- Faith-based organizations, like all organizations, may receive CARES funds to acquire, construct, or rehabilitate buildings and other real property as long as the funds only pay the costs attributable to CARES activities and/or services.
- The following are examples of CARES eligible activities and social services which are subject to the faith-based organization policies:
 - Child care services,
 - Youth services,
 - Senior services,
 - Legal services,
 - Substance abuse services;
 - Crime awareness;
 - Services for Battered and Abused spouses and/or Abused and Neglected children;
 - Transportation services;
 - Job training and related services, and employment services;
 - Counseling services (including housing counseling and tenant/landlord counseling);
 - Services related to soup kitchens or food banks;

- Health services and Mental health services;
- Services related to the provision of assistance for housing under federal law.

➤ These policies apply to state or local funds if a state or local government chooses to commingle its own funds with CARES funds.

I HEREBY ACKNOWLEDGE THAT I HAVE READ THE SPECIFIC REQUIREMENTS OF FAITH BASED ORGANIZATIONS AND UNDERSTAND THAT ELIGIBILITY OF MY ORGANIZATION'S PROJECT DEPENDS UPON COMPLIANCE WITH THE REQUIREMENTS CONTAINED IN THIS ATTACHMENT.

CONFLICT OF INTEREST 24 CFR PART §570.611

(a) Applicability.

- (1) In the procurement of supplies, equipment, construction, and services by recipients and by subrecipients, the conflict of interest provisions in 24 CFR 85.36 and 24 CFR 84.42, respectively, shall apply.
- (2) In all cases not governed by 24 CFR 85.36 and 84.42, the provisions of this section shall apply. Such cases include the acquisition and disposition of real property and the provision of assistance by the recipient or by its subrecipients to individuals, businesses, and other private entities under eligible activities that authorize such assistance (e.g., rehabilitation, preservation, and other improvements of private properties entities pursuant to 570.203, 570.204, 570.455, or 570.703(i)).

(b) Conflicts Prohibited. The general rule is that no persons described in paragraph (c) of this section who exercise or have exercised any functions or responsibilities with respect to CARES activities assisted under this part, or who are in a position to participate in a decision making process or gain inside information with regard to such activities, may obtain a financial interest or benefit from a CARES-assisted activity, or have **a financial interest in any contract, subcontract, or agreement with respect to a CARES-assisted activity, or with respect to the proceeds of the CARES-assisted activity, either for themselves or those with whom they have business (Partner, shareholder, or vested percentage) or immediate family ties (relatives such as siblings), during their tenure or for one year thereafter.**

(c) Persons covered. The conflict of interest provisions of paragraph (b) of this section apply to **any person who is an employee, agent, consultant, officer, or elected official or appointed official of the recipient (Henry County), or any designated public agencies, or of subrecipients (recipients of Henry County) that are receiving funds under this part.**

(d) Exceptions. Upon the written request of the recipient, HUD may grant an exception to the provisions of paragraph (b) of this section on a case-by-case basis when it has satisfactorily met the threshold requirements of (d)(1) of this section, taking into account the cumulative effects of paragraph (d)(2) of this section.

- (1) Threshold requirements. HUD will consider an exception only after the recipient has provided the following documentation;
 - i. A disclosure of the nature of the conflict, accompanied by an assurance that there has been public disclosure was made; and
 - ii. An opinion of the recipient's attorney that the interest for which the exception is sought would not violate State or local law.
- (2) Factors to be considered for exceptions. In determining whether to grant a requested exception after the recipient has satisfactorily met the requirements of paragraph (d)(1) of this section, HUD shall conclude that such an exception will serve to further the purposes of the Act and the effective and efficient administration of the recipient's program or project, taking into account the cumulative effect of the following factors, as applicable:
 - i. Whether the exception would provide a significant cost benefit or an essential degree of expertise to the program or project that would otherwise not be available;
 - ii. Whether an opportunity was provided for open competitive bidding or negotiation;
 - iii. Whether the person affected is a member of a group or class of low- or moderate-income persons intended to be the beneficiaries of the assisted activity, and the exception will permit such person to receive generally the same interests or benefits as are being made available or provided to the group or class;
 - iv. Whether the affected person has withdrawn from his or her functions or responsibilities, or the decision-making process with respect to the specific assisted activity in question;
 - v. Whether the interest or benefit was present before the affected person was in a position as described in paragraph (b) of this section;

CONFLICT OF INTEREST 24 CFR PART §570.611

(Continued)

- vi. Whether undue hardship will result either to the recipient or the person affected when weighed against the public interest served by avoiding the prohibited conflict; and
- vii. Any other relevant considerations.

NON CONFLICT OF INTEREST CERTIFICATION

I certify the applicant is complying with the conflict of interest provision of 24 CFR part 570.611.

The applicant hereby further understands and agrees that in the event that such conflict of interest is determined to exist, applicants' application may be rejected. The applicant may be required to return any CARES Act funds previously awarded by Henry County.
