

COVID-19 Numbers Now Updating Twice Daily

ATLANTA – The number of test results being reported to the Georgia Department of Public Health (DPH) is increasing as more labs are able to test for Covid-19. Additionally, test results are coming in at various times throughout the day from commercial labs. To ensure that the numbers being provided through the COVID-19 data tool on the DPH website, dph.ga.gov, are the most current numbers available, the updates will now be done at **NOON** and **7 p.m. effective today**.

For continued updates on the COVID-19 situation as it develops, follow @GaDPH and @GovKemp on Twitter and @GaDPH and @GovKemp on Facebook.
