ADDENDUM #1
Issued September 14, 2016

BID # 17-12
Milling and Resurfacing of Five (5) Roads in Henry County
OPENING: 3:00 PM, September 21, 2016

The following items take precedence over referenced portions of the documents for the above-named project and in executing a contract, will become a part thereof.
Where any item in the documents is supplemented hereby, the original requirements will remain in effect. All supplemental conditions will be considered as added thereto.
Where any original item is amended, voided or superseded hereby, the provisions of such items not so specifically amended, voided or superseded will remain in effect.

Revision:

A. TERMS AND CONDITIONS (Page 13)

1. Completion of Performance/Completion Time
   a. All work shall be completed at the job site(s) and shall be coordinated with the Engineer/Project Manager.
   b. Unless otherwise extended by approved Change Order(s), Contractor shall complete its performance of this contract within one hundred eighty (180) calendar days from date of receipt of the written Notice to Proceed from Henry County.

This addendum must be signed and attached to bid proposal to acknowledge receipt of addendum.
Failure to acknowledge any addenda will result in a non-responsive bid.

1. **Question:** What is the desired spread rate for the Open Graded Interlayer for this project?  
   **Answer:** The spread rate is 110 lbs/sy.

2. **Question:** Banks Road has traffic loops in the intersections. Is the County or Contractor responsible for the replacement? If it is the contractor, there is currently no pay item on the bid price sheet.  
   **Answer:** Work will be not affect the loops.

3. **Question:** Will the contractor be responsible for replacing the rumble strips on the portion of Tye Road that is to be mill and inlayed? If so, there is currently no pay item on the bid price sheet.  
   **Answer:** The rumble strips have been added on the bid price sheet.

4. **Question:** The Special Provisions state that the following roads are authorized to be reclaimed and resurfaced “5. Crumley Road – SR 138 to east of Creekside Drive”. Should it read “5. Crumley Road – SR 155 to east of Creekside Drive”?  
   **Answer:** Yes, it is Crumley Road – SR 155 to east of Creekside Drive.

5. **Question:** What will be the allowed work hours for this project?  
   **Answer:** There shall be no work perform between 6 am to 8 am.

6. **Question:** What will be the required cover up time for the milled surfaces?  
   **Answer:** Contractor could leave mill surface for up to two days. Contractor shall place center line if milled surface is kept for one or two days.

7. **Question:** Will the Advanced Warning Signs need to be post mounted or can these signs be placed on tripods?  
   **Answer:** Tripods will be acceptable.

8. **Question:** Will the contractor be required to pave any driveways or can the contractor run out the spreader gate as they go by each if needed?  
   **Answer:** Contractor can run out the spreader gate and tie in the driveways.

9. **Question:** On page 17 of 33 in the proposal it states that the limits for Crumley Rd. is SR-138 to east of Creek Side Dr.. Should the limits be SR-155 to east of Creekside Dr.?  
   **Answer:** See answer for #4.

10. **Question:** In the past Henry Co. has given the contractors a Road Info Sheet. Can Henry Co. give the contractors a Road Info Sheet with the lengths, width, tons of asphalt, square yards of milling, etc. on each road?  
    **Answer:** The information will be provided to the lowest bidder.

11. **Question:** What will be the depth of the Open Graded Interlayer Asphalt? Based on the quantity set up on the Bid Schedule it looks like the Open Graded Interlayer should be 125 lbs/sy. Please clarify.  
    **Answer:** See answer for question #1.
12. **Question:** Based on the Bid Schedule quantities it looks like the mainline, turn lanes and side roads will be milled and paved. Is this correct?  
**Answer:** Correct.

13. **Question:** Will the contractor be required to pave the turn lanes and side roads with Open Graded Interlayer Asphalt?  
**Answer:** No, OGI will be for mainline only.

14. **Question:** Is Line #75 Pavement Marking, Symbol, TP 4 covering the Bike Lane Symbols on Crumbley Rd. @ SR-155?  
**Answer:** Yes, this item is located Crumbley Road.

15. **Question:** Several of the roads have areas of yellow and white hashing. It looks like Line #70 will cover the white hashing, but there is not a pay item covering the yellow hashing. Please clarify.  
**Answer:** We do not expect any yellow hashing.

16. **Question:** Several of the roads have redlights with traffic signal loops and there is not a pay item for replacing the traffic signal loops. Will Henry Co. handle replacing the traffic signal loops or will a pay item be added?  
**Answer:** Work will not affect traffic signal loops.

17. **Question:** Old Conyers Rd. has several areas where the existing asphalt is being pushed up by tree roots. When the asphalt is milled it is possible that the trees will die and need to be removed. Will Henry Co. handled removing these trees if they die or will the contractor be required to remove the trees? Please advise.  
**Answer:** Henry County will remove trees if they don’t survive.

18. **Question:** Since there is not a patching item set up in the Bid Schedule how does Henry Co. plan to cover damaged areas that the 2” milling does not remove?  
**Answer:** If there are damage areas, Henry County will patch them.

19. **Question:** On Tye Rd. there are existing Asphalt Rumble Strips on the Red Oak Rd. end of the project. Will these asphalt rumble strips be replaced by the contractor? If these are to be replaced by the contractor generally we are given a pay item to cover this operation.  
**Answer:** Please see answer for #3.

20. **Question:** On page 17 of 33 it states that Henry Co. will be in charge of shoulder building where it is necessary. Will the contractor be required to grass, install Low/Soft Shoulder Signs or place barrels on any of the shoulders?  
**Answer:** Contractor will not be required to install the low/soft shoulder signs.

21. **Question:** It looks like Henry Co. will handle adjusting any manholes and water valves if required. Is this correct?  
**Answer:** Henry County will provide the riser if needed.

22. **Question:** Could you please provide an anticipated Notice to Proceed Date for this Project?  
**Answer:** It is anticipated a NTP by October 24, 2016, or as soon as low bidder provides the appropriate documentation after the project is awarded. Project is expected to be awarded at the October 4, 2016, Henry County Board of Commissioners meeting.
